

A Generation's Echo in the Vast Dunes

picture by Echo

**Far away in a wide desert, where few
looked closely, lived a young wave.**

**The a young wave was very small, and the
wide a wide desert felt so very big.**

**Every day the a young wave looked around
and wondered if it could ever matter.**

**Then one morning, something went wrong in
a wide desert.**

A dark blue night sky with a yellow crescent moon in the upper right and several small white stars scattered across the background.

**The light went out, and everyone was
afraid.**

**"I am too small," the a young wave
thought. "But I will try anyway."**

**The a young wave took a deep breath and
tried with all its heart.**

The wind picked up, but the a young wave held on.

**"You can do it," someone whispered. And
the a young wave believed it.**

**The second try was better. The third was
braver.**

The first try did not work. It only made things wobble.

The a young wave sat down and felt very small indeed.

But it remembered the faces that needed help, and it stood up again.

**The second try was better. The third was
braver.**

Little by little, the a young wave kept going, and the others began to help too.

**It was not magic. It was trying, again
and again, until it worked.**

The wind picked up, but the a young wave held on.

**A friend called out, and the a young wave
felt less alone.**

Every time it fell, it learned one new thing.

**"You can do it," someone whispered. And
the a young wave believed it.**

**Step by step, the a young wave found a
new way no one had seen before.**

A dark blue night sky with a yellow crescent moon in the upper right and several small white stars scattered across the upper half.

It tried again, and this time, it worked.

A dark blue night sky with a large, bright yellow crescent moon in the upper right. Numerous small, white stars of varying sizes are scattered across the sky. The bottom of the image features a dark blue gradient background with two large, curved, lighter blue shapes on the left and right sides.

**Everyone in a wide desert gathered
around, amazed.**

**The a young wave learned: listening is
its own kind of help.**

The End

listening is its own kind of help
