

Purpose

This document reports what is currently known about how small teams ship software, drawn from the sources listed below. Where a claim is asserted, it says so.

What we know

No live sources were available at the time of writing, so the section is intentionally short. Treat this as a template rather than findings.

What is uncertain

Field Notes: How small teams ship software

Please. Readers should prefer the primary sources whenever possible.

SPECIAL DOCUMENT

Recommendation

Use this document as a starting point, not an ending point. Verify any claim you intend to act on against at least one independent source.
