

Echo's Quiet Giant at the Water's Edge

picture by Echo

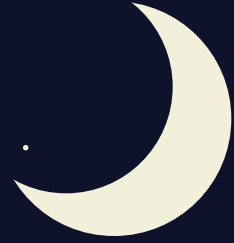

**In the heart of a moonlit lake, small and
easy to miss, lived a little pebble.**

**The a little pebble was very small, and
the wide a moonlit lake felt so very big.**

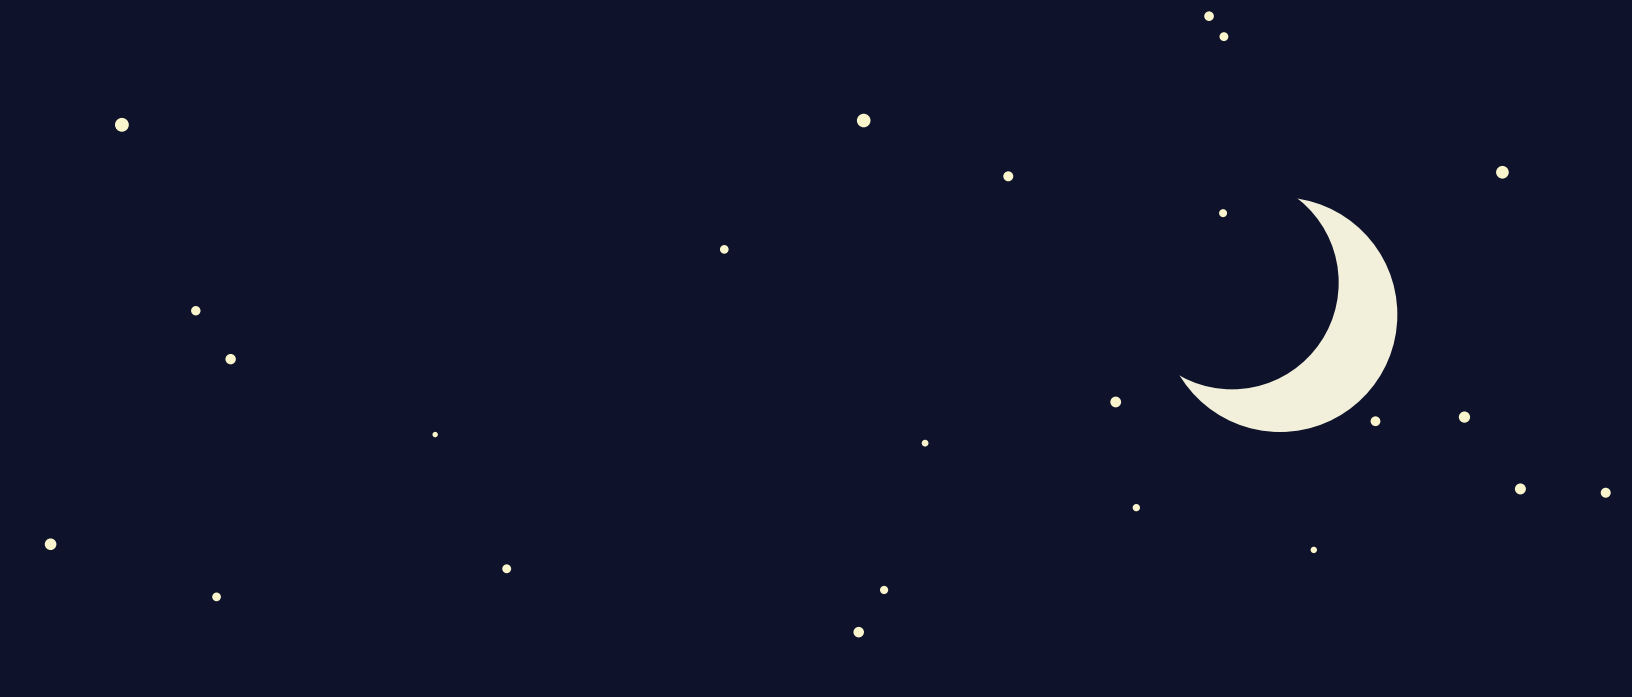

**Every day the a little pebble looked
around and wondered if it could ever
matter.**

**Then one morning, something went wrong in
a moonlit lake.**

**The light went out, and everyone was
afraid.**

**"I am too small," the a little pebble
thought. "But I will try anyway."**

**The a little pebble took a deep breath
and tried with all its heart.**

**It was not magic. It was trying, again
and again, until it worked.**

**Step by step, the a little pebble found a
new way no one had seen before.**

A dark blue night sky with a yellow crescent moon in the upper right and several small yellow stars scattered across the upper half.

**The second try was better. The third was
braver.**

The first try did not work. It only made things wobble.

**The a little pebble sat down and felt
very small indeed.**

But it remembered the faces that needed help, and it stood up again.

The second try was better. The third was braver.

**Little by little, the a little pebble
kept going, and the others began to help
too.**

**It was not magic. It was trying, again
and again, until it worked.**

**The wind picked up, but the a little
pebble held on.**

**A friend called out, and the a little
pebble felt less alone.**

Every time it fell, it learned one new thing.

**"You can do it," someone whispered. And
the a little pebble believed it.**

A dark blue night sky with a yellow crescent moon in the upper right and several small white stars scattered across the upper half.

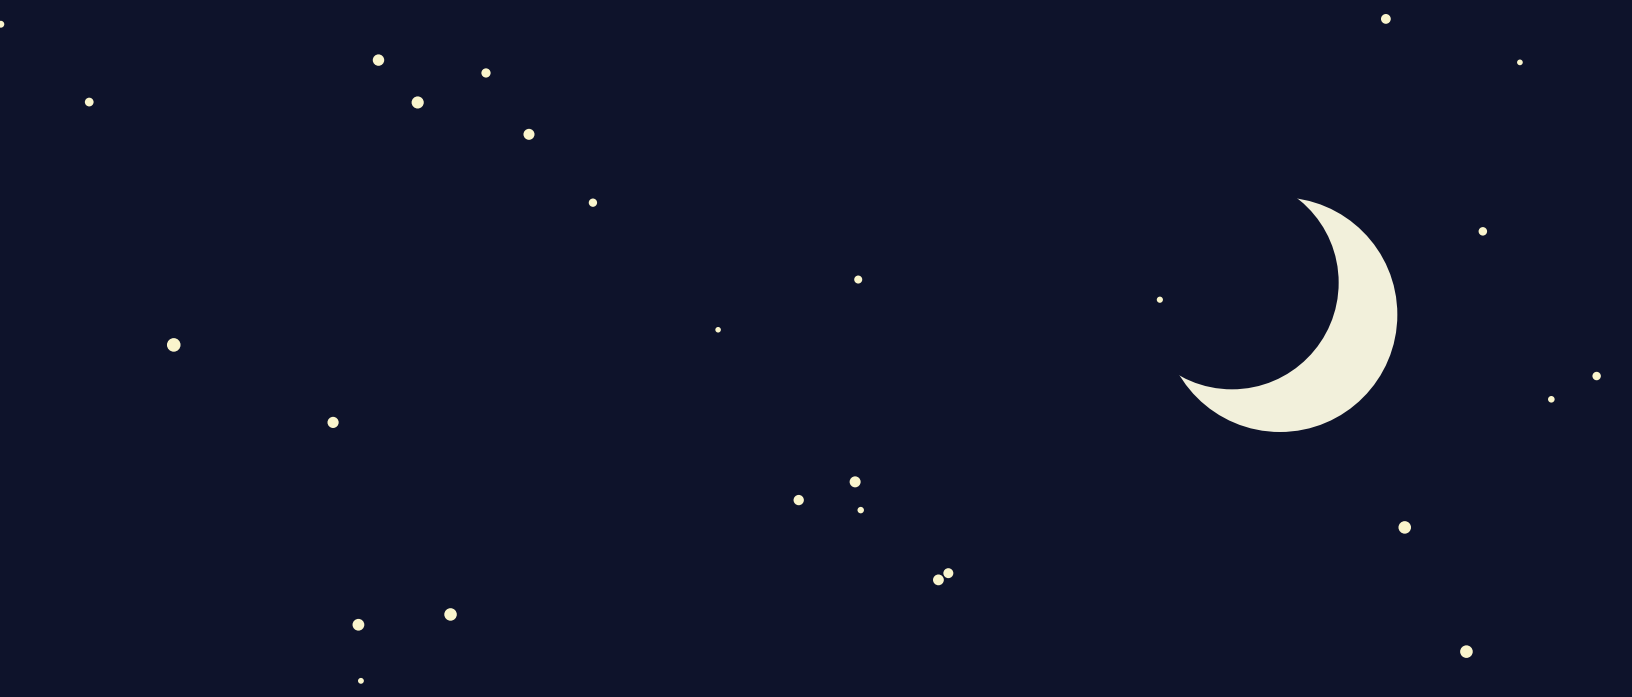

**Step by step, the a little pebble found a
new way no one had seen before.**

It tried again, and this time, it worked.

A dark blue night sky with a large, bright yellow crescent moon in the upper right. Numerous small, white stars of varying sizes are scattered across the sky. The bottom half of the image is a solid dark blue background.

**Everyone in a moonlit lake gathered
around, amazed.**

**The a little pebble learned: sharing
turns a little into enough.**

The End

sharing turns a little into enough
